

## NEW PYRAMIDS

*A couple of months ago an amateur archaeologist with the help of satellite imagery discovered pyramids which allegedly, should be larger than the pyramids of Giza. In the vicinity of this location and also below the peaks of these pyramids, which are still almost entirely buried in the sand, there are underground passages. The material used to build pyramids did not originate from that area and therefore, it's apparent that it's a structure built by humans. (\*) Despite all these facts, not a single archaeological team has started to explore that discovery. Why is that?*

*We tend to believe that there is a deliberate effort to halt any exploration because these pyramids could **reveal the Truth!***

*The emissary of God lived on Earth as the prince Abd-ru-shin about three thousand years ago. He came for the purpose of learning so that later, during the time of his next arrival, he could better know people as well as their weaknesses, which are otherwise completely unknown to all emissaries of Light. The Light recognizes only the Light and not the darkness because it is something completely alien to Light. Prince Abd-ru-shin had built up the kingdom of Is-ra, in which people lived in perfect happiness and joy in accordance with the Eternal - Natural - God's laws.*

*After Abd-ru-shin had died, a pyramid was built during the next seven years. He was buried inside the pyramid together with the hidden evidence of Truth. Inside the pyramid is a stone, on which are engraved as a prophetic vision, all the world events from the spiritual point of view. There is information about **prince Abd-ru-shin, Jesus, the Spirit of Truth, Primordial Queen, Imanuel's arrival during the Judgement, and even the period of time after the big purification when Imanuel is the King of the promised Millennium.***

*During the time when Abd-ru-shin was here on Earth as the Spirit of Truth (i.e. about a century ago), there was a man in His vicinity, who received from the Light in the form of a message the content of that grave tablet. That's the reason why humanity already knows its content now, despite the fact that the very stone still lies "beneath the sand". We have already published part of that message on the main page, in the video named "For Slovak nation" (available only on the Slovak version of our webpage).*

***Therefore, if a pyramid of Prince Abd-ru-shin had been revealed it would have been the proof of authenticity of all true Emissaries of God, including the Spirit of Truth and His work - The Grail Message.***

*It's worth noting that these pyramids were discovered at the time when comet **Ison** passed by the Earth. At the same time comet **Ison** also gave evidence about authenticity of Mrs. Makedonova and her work (more on this topic in the folder "**Ison as a proof**"). Other messages from the Light were also received at the time of **Ison's** passage near the Earth; we published them under the name "Collections of messages received from the Light through a medium" (currently available only in Slovak version of our webpage). Moreover, it was in this period when our Radio Rescue also began to fully develop its activities.*

*Thus, at the time of passage of Comet Ison various important events occurred in regard to the Final event. Therefore the comet again gave evidence of the Word of Truth, because it really brought radiation that is necessary for the Judgment, as it is described and predicted in the Word.*

*Now follows introductory words from the first page of the text about the Abd-ru-shin's grave tablet:*

THE STONES SPEAKS:

Nearly three thousand five hundred years ago...  
in solitude, Ne - So - Met,

an elder of the tribe of IS-RA,  
reflects in the tomb of Him whom he loved.  
Pictures experienced compel him  
to seize his chisel  
and engraved in hard stone the pictures  
which pass vividly before his contrite soul.  
**He thus lays the foundation of a treasure  
which shall be raised  
in the fulfillment of wise guidance  
at the time  
of humanity's greatest need.**

*The following is a quote from the text, which had been allegedly written shortly before the Spirit of Truth left the Earth in mid-20<sup>th</sup> century:*

**“Humanity wants the proof that I am the mediator between God and humanity; that I am the Messiah promised by Christ. This evidence will be provided to humanity in a greater extent than they wish to receive. Supernatural signs (great comet) will announce me. **The stones will speak because in the last phase of Judgement excavations will be open and they will testify that I am the Truth; that I came from God and I am connected with my Father forever.**”**

*Whether Abd-ru-shin's pyramid is among one of those from the aforementioned newly discovered pyramids we do not dare to say, but certainly there is a reason behind the fact that these pyramids have already been discovered a few years ago and still excavations haven't begun. Nevertheless, events that happened in time of the discovery and even various promises lead to consideration that one of those pyramids could be related to Abd-ru-shin.*

*Either way, this surprise in form of discovery of Abd-ru-shin's pyramid is something that is about to happen in the near future, and actually it will change our history and our view of the world and our development.*

*In addition, mankind will get more evidence because the symbol on the grave tablet of Abd-ru-shin will be identical with the symbol on the grave tablet of Jesus. Therefore the grave tablet of Jesus will also be discovered because in accordance with nature - God's law, Jesus could not enter with the material body into “the other world” and even less into the place where His Father - God remains.*

*Connection between Jesus and Imanuel - Abdrushin is also pointed out on the grave tablet. World history is portrayed there in chronological order, i.e. in the sequence as events gradually developed, except for one “mystery”, which is a note about Jesus in our era. Following are excerpts from the text about the grave tablet and its engraving in relation to our times:*

*“When one day the great W (237) shines significantly in the sky at the time of the crescent moon (238), Ab-dru-shin will come on a powerful steed (236). (Since we do not assume that Abdrushin rode a weak horse ever, thus the powerful horse is probably a parable of another means of transport, which He will use for His arrival at Judgement. If it were a mere horse, there is no need to emphasize its strength.)*

*“The Pyramids in which we buried His body will rise from the sand”(239)*

*“Lightning will flash from Heaven and split the mountains asunder (243), wars (244) and insurrection (245) will ravage the earth; but Abd-ru-shin will live in peace with His servants.” (246) (This is the evidence that the description is about our time. Volcanic activity in recent years is growing enormously and in regards to revolts, there is no need to add more because never in history has there been so many revolts as in our time.)*

“Two suns shine over the earth; the new one is larger and mightier (251) than the old.”(252)  
*(Two suns at the end of the old times is well-known prophecy that is found in many writings by various prophets.)*

“A King will enter (268) His city, a carpenter’s son.” (269) (\*\*)

*And it's precisely this sentence that seeded doubt in many minds, because Jesus is the son of a carpenter, yet Imanuel is the one that was promised for Judgement! Once again, the Word of Truth - **The Grail Message** explains clearly even this “mystery”:*

“Nothing shall be left in the form in which it is now. The Great Word of God has to come into fulfillment to the last letter: Everything must become new! But also everything that should develop here in the world part called Ephesus, because under the influence of earthly mankind only, unhealthy cartoons arose from everything.

Lucifer's influence did here a bad piece of work! Earthly people succumbed to it too willingly!

**Therefore, keep your lamps filled with oil! You will need it when you least expect it.** Also the last, the big event, understood only by knowing ones, is coming into its existence! **The mystery of Son of God's returning to Judgement is fulfilling. Really! Jesus Christ comes again in the time of the final Judgement in the Son of Man, Imanuel.** During the time of Judgement Jesus is connected with Him even in the gross matter body here on Earth. **So it is the Son of God within the Son of Man!** This also fulfills every word of God's promise; the Son of Man brings Judgement with the Son of God within Him.

The human spirit will never be able to fully comprehend this act. He will, however, be able to feel it!

Get ready, because the hour is before you! And with it comes the final Judgement! Do not allow yourselves be found weakened when it happens! It shall be holy to you that there is such an incomprehensible action. Think of every day as a precious gift from now on. And then you experience a Pentecost / Whitsuntide! Joy and thanks will rise up from the souls, which were able to purely bathe in the glow of the Judgement, and joyful formation will occur on Earth that will become new! Each of your works, all deeds, every inhale will become the invocation of God in your acts! And following promise will fulfill:

**You will know them by their fruits! Be awake and pray** so that you may be a part of it!”

*This is the explanation of the “mystery” why the coming of Jesus is mentioned and in connection with our time. At the same time this explanation also removes the apparent barrier for those who claim that the one who will come to Judgement is Jesus and not Imanuel - the Holy Spirit. Both are sons of God, both are part of the divine Trinity, and we need to be aware about both of them! One of them comes to bring justice, and the second one comes in order that a helping hand may be given to people.*

**“THE EARTH SHALL YET YIELD UP AT THE RIGHT HOUR ALL THAT THE TRUTH REVEALS.”**

*Therefore do not wait for the discovery of proofs because the time of each discovery may vary according to the behavior of people - such as everything. Everyone should start to be concerned with the Word that was brought to us and examine it!*

***Whoever will examine this Word, will find in it exactly the evidence he needs!  
He will find instructions for eternal happiness, will find true wisdom that will not change throughout the ages, and will find RESCUE from any misery!***

\*\* Below is the illustration of the entire grave tablet (upper and lower half) of Abd-ru-shin. Those who are interested in written explanation of all symbols on the grave tablet, please let us know by e-mail.

## PYRAMIDS

### **Addendum - Important notice:**

*Our previous article (New Pyramids) had a certain purpose to arouse attention about facts that remain unknown to most of the people, hand in hand with public tendency to be indifferent to them. The goal was fulfilled, albeit only partially. However with the information that follows, the value of our purpose will only rise.*

*Thanks to one of our sources we are able to obtain the essential information that will help shed light on mysterious areas and events, and thus verify the objectivity of the information offered to the public.*

*According to this credible source those pyramids are not the right ones, whose discovery a certain group of people (aware of the happening that awaits us in the near future) is awaiting. Although the pyramids mentioned in the previous article are actually work of people (as the amateur archeologist is saying from the beginning) and not natural formations (an argument of the official science), and inside them is (are) also the remains of some esteemed person from the past, still **it is not the pyramid, which is expected yet to be discovered and plays a crucial role for humanity.***

*The expected pyramid is allegedly still hidden deep in the sand. From one side, an access road leads towards the pyramid. At the entrance there is a fence made either of stone or the same material as the pyramid is built of.*

*We quote the source: **“Towards Abdrushin's tomb I can see the fenced access road from one side; it even seems to me that there are stairs on this road (probably leading to the entrance of the pyramid). I feel the altitude difference.”***

*Yet only so much can be said. The future will clarify any ambiguities or even confirm the veracity of this information!*
